Meet the Doctor

Dr. Andrew Jimerson II, also known as Dr. Curves, has developed his own special surgical techniques and is one of the world's most sought-after Board Certified Plastic Surgeons. Originally from Cleveland, Ohio, he attended Morehouse College for his undergraduate then traveled back to Ohio for medical school. He completed a dual MD/MBA at the top-rated Case Western University Medical Center.

Dr. Jimerson' love for Atlanta brought him back to the peach state in 2006 to serve as Chief of Plastic Surgery at Emory Johns Creek Hospital. Then in 2009, he resigned his position with the hospital to open the doors to his own state of the art AAAASF accredited surgery center Advanced Plastic Surgery Solutions, where he serves as Medical Director.

To date, Dr. Jimerson has been privileged to perform a vast array of procedures on thousands of patients including some of your favorite celebrities from all over the globe.
